PROFESSIONAL SUMMARY

Detail-oriented Computer Science undergraduate (**CGPA: 8.925**) with proven experience in data engineering, full-stack code review, and software license compliance. Knowledgeable in open-source licensing models (**GPLv2/v3, Apache 2.0, MIT, BSD**), commercial software terms, and dependency auditing. Proficient with **Python, SQL, Git/GitHub**, and **Jira** for executing high-volume technical reviews with **99.8% data accuracy**, developing automated parsing scripts, and collaborating cross-functionally across engineering and compliance teams.

TECHNICAL & COMPLIANCE SKILLS

Licensing & Compliance: Open-Source Licenses (GPL, LGPL, MIT, Apache, BSD), Copyleft vs. Permissive, Commercial Licensing, Dependency Auditing, Code Annotation & Verification, License Compliance Reporting
Programming & Scripting: Python (Regex, Pandas, Data Parsing, Automation), C, Java, SQL, JavaScript
Tools & Version Control: Git, GitHub (Branching, Commit Trees, Diffs, PR Reviews), Jira (Sprint & Issue Tracking), Perforce Basics, VS Code
Data & Systems: MySQL, MongoDB, AWS Cloud (S3, Glue, Athena basics), Data Pipelines, Data Integrity Validation
Operational Competencies: High-Volume Data Accuracy (**99.8%**), Codebase Navigation, Technical Documentation, Issue Remediation

EXPERIENCE

EduSkills Foundation ® Remote, India
Web Full Stack Developer Intern Oct 2024 – Dec 2024

- Engineered responsive full-stack modules across **10+ web templates** utilizing HTML5, CSS3, JavaScript, and backend services.
- Managed version control via **Git/GitHub**, conducting peer reviews on **25+ pull requests** and resolving syntax/merge conflicts.
- Audited third-party libraries and external dependencies, ensuring compatibility and compliance with defined project standards.

EduSkills Foundation ® (under AICTE & AWS Academy) Remote, India
Data Engineering Intern Jul 2024 – Sep 2024

- Developed data pipelines processing **50,000+ data records**, executing automated Python data validation scripts with **99.9% integrity**.
- Configured data storage, transformation, and compliance checks across **AWS services**, reducing manual audit effort by **45%**.
- Maintained structured data logs and technical documentation for cross-functional performance tracking.

TECHNICAL PROJECTS & COMPLIANCE EXPERIENCE

Open-Source License & Dependency Parser | *Python, Git, Regex, Jira* Academic & Independent

- Built Python scripts to audit **120+ open-source dependencies**, parsing license headers (MIT, Apache, GPL) with **99.5% classification accuracy**.
- Automated regex-based header annotation and dependency mapping, reducing manual code inspection time by **35%**.
- Logged and tracked **20+ compliance tickets in Jira**, inspecting **50+ Git commit logs and diffs** to ensure IP adherence.

Intelligent Student Performance Analytics System | *Python, MySQL, Jira* Academic Project

- Engineered a data analytics system managing **1,500+ student records**, integrating SQL queries that accelerated record auditing by **40%**.
- Enforced automated input validation in Python, ensuring **100% data integrity** and 0% error rates across 6 academic parameters.
- Tracked milestones and defect resolutions using **Jira**, delivering modules **1 week ahead of schedule**.

Customer Churn Prediction & Data Pipeline | *Python, Machine Learning, Pandas* Academic Project

- Processed and cleaned a dataset of **10,000+ records** with **99.8% accuracy**, training classification models achieving **86% accuracy**.

EDUCATION

SR University Telangana, India
Bachelor of Technology in Computer Science and Engineering – CGPA: 8.925 / 10.0 Nov 2022 – Apr 2026

- Relevant Coursework:** Object-Oriented Programming, Database Management Systems, Data Structures, Software Engineering, Networks.

CERTIFICATIONS

Python Essentials 1 & 2 – Cisco Networking Academy (**90%+ Score**) | **Introduction to Databases & MongoDB** – MongoDB University
CCNA Module 1 & Module 2 – Cisco Networking Academy | **Web Development with HTML, CSS, JS** – Certified Program
